

Homeschool Plans Master Index

Seventeen coordinated planning guides: Kindergarten through Grade 12 plus four specialty plans.

6 plans Kindergarten-Grade 5	3 plans Grades 6-8	4 plans Grades 9-12	4 plans Specialty support
--	------------------------------	-------------------------------	-------------------------------------

START HERE

- 1 Choose a grade plan:** Use the student's instructional level and local requirements - not age alone.
- 2 Preview one quarter:** Gather resources only for the next nine weeks.
- 3 Use the specialty plans strategically:** Add summer, remediation, acceleration, or a single-subject cycle as needed.
- 4 Keep evidence:** Save objectives, work samples, assessments, and attendance records required locally.

PACKAGE CONTENT

- Seventeen editable DOCX plan files
- Seventeen matching print-ready PDF files
- This master index in DOCX and PDF
- A README with file names, usage notes, and source links
- A ZIP containing the complete package

Important: *These are flexible, standards-informed planning guides. They are not accredited curricula, legal advice, state filings, or automatic high-school credit determinations.*

Elementary Plans

Each file is available in editable DOCX and matching PDF formats.

Plan	Length	Primary focus	File name (without extension)
Kindergarten Homeschool Plan	36 weeks	Early literacy, number sense, science discovery, community routines	01_Kindergarten_Homeschool_Plan
Grade 1 Homeschool Plan	36 weeks	Phonics, addition/subtraction, light/sound, communities	02_Grade_1_Homeschool_Plan
Grade 2 Homeschool Plan	36 weeks	Fluency, place value, matter, community inquiry	03_Grade_2_Homeschool_Plan
Grade 3 Homeschool Plan	36 weeks	Multiplication/division, paragraphs, forces, local civics	04_Grade_3_Homeschool_Plan
Grade 4 Homeschool Plan	36 weeks	Multi-digit operations, fractions, energy, U.S./state studies	05_Grade_4_Homeschool_Plan
Grade 5 Homeschool Plan	36 weeks	Fractions/decimals, research, Earth systems, U.S. history	06_Grade_5_Homeschool_Plan

Implementation idea: Keep lessons short, read aloud daily, use concrete materials, and treat play, movement, nature, art, and conversation as meaningful learning.

Middle School Plans

Each file is available in editable DOCX and matching PDF formats.

Plan	Length	Primary focus	File name (without extension)
Grade 6 Homeschool Plan	36 weeks	Ratios, evidence-based writing, integrated science, ancient world	07_Grade_6_Homeschool_Plan
Grade 7 Homeschool Plan	36 weeks	Proportions, argument, systems science, world history	08_Grade_7_Homeschool_Plan
Grade 8 Homeschool Plan	36 weeks	Linear models, complex texts, physical science, U.S. foundations	09_Grade_8_Homeschool_Plan

Implementation idea: Gradually transfer planning, note-taking, revision, and progress tracking to the student while maintaining regular family conferences.

High School Plans

Each file is available in editable DOCX and matching PDF formats.

Plan	Length	Primary focus	File name (without extension)
Grade 9 Homeschool Plan	36 weeks	Algebra I, English 1, Biology, World Geography/History	10_Grade_9_Homeschool_Plan
Grade 10 Homeschool Plan	36 weeks	Geometry, English 2, Chemistry, Modern World History	11_Grade_10_Homeschool_Plan
Grade 11 Homeschool Plan	36 weeks	Algebra II, English 3, Physics, U.S. History	12_Grade_11_Homeschool_Plan
Grade 12 Homeschool Plan	36 weeks	Advanced Math, English 4, Environmental Science, Government/Economics	13_Grade_12_Homeschool_Plan

Implementation idea: Verify required courses, credits, instructional hours, assessments, transcripts, and postsecondary prerequisites for your jurisdiction and goals.

Specialty Plans

Each file is available in editable DOCX and matching PDF formats.

Plan	Length	Primary focus	File name (without extension)
Summer Learning Plan	8 weeks	Short practice, reading, exploration, projects, and rest	14_Summer_Learning_Homeschool_Plan
Catch-Up and Remediation Plan	12 weeks	Prerequisite repair, focused feedback, and progress evidence	15_Catch_Up_and_Remediation_Homeschool_Plan
Accelerated Learning Plan	12 weeks	Compacting, depth, above-grade challenge, and capstone work	16_Accelerated_Learning_Homeschool_Plan
Single-Subject Study Plan	18 weeks	A semester cycle for one subject, elective, or concentrated goal	17_Single_Subject_Study_Homeschool_Plan

Implementation idea: Use specialty plans alongside a grade-level plan; avoid stacking so many interventions or enrichments that the weekly load becomes unsustainable.

Suggested website landing-page structure: show three grade-band cards first, then reveal exact grades; place the four specialty plans in a smaller secondary section.

Publishing checklist

- [] Review every grade plan with a qualified curriculum editor before presenting it as formally aligned.
- [] Replace general resource links with grade/course deep links as the website catalog is populated.
- [] Add a visible “customize this plan” control rather than creating separate standard and flexible versions.
- [] Provide accessible HTML alongside downloadable DOCX/PDF files.
- [] Date-stamp revisions and maintain a change log as site content, standards, or legal guidance changes.
